

Multiple Entry Disqualification Record

Purpose:

These forms are offered for use at meets where an aggressive timeline and a high disqualification count is anticipated to result in a prohibitively high workload for deck officials or a potential timeline impact. The goal is to maintain good flow and to minimize the time spent by judges and referees completing individual DQ slips and walking them around the pool deck.

Suggested usage notes:

- All stroke/turn judges, CJs, deck referees, and admins should have radios.
- One CJ should be assigned per pool/end.
- Judges raise hands and call in infractions by radio. Deck referees vet and approve infractions by radio. (If the CJ is also qualified deck referee, vetting calls could also be delegated to the CJ to allow the deck referee to focus on meet flow/timing.)
- CJs document approved infractions on these DQ sheets. Multiple infractions for the same swimmer should be documented in the *same* column on the sheet. (One column per swimmer, not one column per infraction.) The turn number should be noted for Turn infractions.
- Highest priority for documentation is Heat, Lane, Judge, and Infraction. Other information (e.g. Notified, Swimmer, Team) should be completed time permitting. Due to space constraints, just recording the first 3-4 letters of the swimmer's last name is acceptable.
- CJs and finish-end judges should notify swimmers when practical.
- At the completion of each event, CJs deliver completed DQ sheets to the admin.
- The admin confirms total DQs reported on sheets with the deck referee's reported total at event close-out.
- CJs shouldn't need to discuss calls with judges unless requested. CJs should remain near the finish end to help with notifications.
- This page and the example page can be printed for the CJ's reference.

Suggested sheet count* for a short course 10-and-under unqualified meet:

50 Fly	1 sheet for each	40	entries
50 Back	1 sheet for each	70	entries**
50 Br	1 sheet for each	40	entries
50 Free	1 sheet for each	500	entries
100 Fly	1 sheet for each	100	entries
100 Back	1 sheet for each	50	entries**
100 Br	1 sheet for each	70	entries
100 Free	1 sheet for each	200	entries
100 IM	1 sheet for each	40	entries
200 Free	1 sheet for each	200	entries
200 IM	1 sheet for each	100	entries

*Each CJ should have at least 1 sheet for each event.

**Only half as many sheets are suggested for long course backstroke events.
