

Welcome to the AAHSSL Swimming and Diving Season-

We are excited to offer a version of online meet entries for our diving events. Cleanentries.com offers services to the UIL State Championship as well as other NFHS, NCAA and AAU meets around the country. Getting to know the program is beneficial for you and your diver so please include them in the process of meet entries if you can.

To get started simply go to the website and click through a few of the tutorials. If your divers compete in outside of the UIL meets they most likely already have an account and are familiar with the how to's. Be sure to attach your divers to their high school teams and coaches, their account can attach them to both their club and high school teams.

Coaches and divers, if you are new to the site then please create an account by clicking the [Create Account link](#) in the upper right. Once you have created your account and logged in then you can register for an upcoming meet.

**Coaches:** To register for an upcoming meet you do not need to pre-enter your team or your athletes. Adding your team and athletes has been integrated into the registration process. Just click on the Meets link at the top of the page and click on the meet you want to register for.

**Athletes:** If you are registering yourself for a meet then just click on the meets link at the top of the page and then click on the meet you want to register for.

The AAHSSL diving meets are listed under the seasons meet designator from the AAAA-SA.org website. For example the October 6th meet is listed as "AAHSSL D-17-02." Notice that registration closes the Tuesday prior to the meet at 11:59am. Once the meet registration closes no new divers can be registered. Once a diver is registered they can change their dives online up until the deadline. Once the deadline closes the diver will have to make changes to the dive at the diving admin table promptly at time of arrival to meet site.
