## Policies and Procedures Governing Officials

Effective date: May 1, 2013

Revised November 10, 2016

### **I. Preamble**

- As in all sports, swimming requires Officials not only to promote and ensure fairness in the competition, but also to foster efficiency and timeliness in the management of competition. Unlike most other sports, swimming Officials are, by and large, unpaid volunteers, and perhaps as many as 75% of them are parents of swimmers.
- Officiating is a valuable and rewarding activity, eliminating the boredom of sitting in the stands during meets. Officiating allows you to be close to the action and stay involved with your children and their swim friends. However, the primary reason to become an Official is to promote and ensure the fairness and consistency that is necessary in the sport.
- South Texas has always been relatively fortunate in having a cadre of long-time Officials who have chosen to stay with the sport regardless of the fact that their children no longer participate. Several have had no member of their family involved for many years, but they continue to give of their time and experience. The continued presence of these dedicated Officials is one of the reasons why South Texas has a well-deserved reputation for excellence in meet officiating and meet management. However, there is an ongoing need for new Officials, especially as the popularity of the sport continues to spread, and there is an ever-increasing number of swimmers in South Texas.
- Becoming and remaining an Official is not difficult. However, as with most endeavors, becoming a confident and effective Official takes some dedication and perseverance. While we welcome "part-time" or "occasional" Officials, it is difficult to become confident or competent without devoting an adequate amount of time and effort. There are

systems in place to help you achieve both confidence and competence, and senior Officials are available to guide and mentor you as appropriate.

- While there are costs involved in becoming and remaining an Official, active Officials can have almost all of these costs reimbursed by South Texas Swimming.
- Swimmers as a group are among the most self-disciplined athletes one is likely to encounter. Swimming is a lifetime sport and it is essential that competitors learn the technical aspects of the strokes at an early age. It is for that reason that competent Officials are a virtual imperative. Even though it is somewhat unusual to be complimented as an Official, it is nonetheless true that your efforts are appreciated and meaningful in many ways.

## **XV. Finish and Relay Takeoff Judges**

- A. USA-S rules require the presence of finish judges at all levels of competition, and they should be utilized whenever possible.

1. Finish judges do not necessarily have to be separately available and/or assigned Officials, e.g., it is common practice for Starters and/or Deck Referees to assist in fulfilling these responsibilities by recording order of finish.
  2. How and under what circumstances they are utilized is at the discretion of the Meet Referee.
- B. Relay takeoff judges are normally assigned from whatever Officials may be available, including Starters and Deck Referees.
1. It is generally not appropriate to assign the Meet Referee as a relay takeoff judge, because of potential overlapping and contradictory areas of responsibility.
  2. In STSI, relay takeoff judge responsibilities are generally viewed as extensions of the Stroke and Turn Judge's domain.

## **XVI. Chief Judges**

- A. In STSI, there is no separate category defined for Chief Judges, nor is there a progression or formal certification process.
1. They must, therefore, come from the ranks of Stroke and Turn Judges, Starters, Deck Referees, and Meet Referees.
- B. To run meets effectively and efficiently, Chief Judges should be used at all meets, if possible. In particular, Chief Judges are essential members of the deck team at larger and/or higher level competitions.
- C. Meet Referees are strongly advised to select only well-experienced and highly qualified individuals for this role.
1. Ideally, they should be certified as Deck or Meet Referees, but circumstances and resource assets may dictate otherwise.

## **XVII. Minimum Participation and Other Recurring Requirements**

- A. The following table summarizes the steps that are necessary to retain Official certification in STSI. Note that for the purposes of accumulating Meet Referee sessions, a meet can be structured such that the named Meet Referee can designate one official to act in the capacity of co-Meet Referee and carry out duties typical of the Meet Referee. For example, the co-Meet Referee can coordinate operations with the Deck Referee(s) and Administrative Official(s), with the agreement and direct supervision of the named Meet Referee. Ultimately, the named Meet Referee has the final responsibility and authority for the operation of the meet.

## STEPS NECESSARY TO MAINTAIN OFFICIAL STATUS

1. Maintain their USA-S and STSI memberships
  2. Renew their Level II BGC every two years
  3. Renew their APT every year
  4. Take and pass the current USA-S Officials examination(s) specific to her/his certification OR certified Officials can attend an Existing Officials Clinic that has been approved by the Officials Chair.

    - b) Officials can check their Clinic attendance in OTS.
  5. Meet the minimum participation requirements outlined in the section titled [Minimum Participation and Other Recurring Requirements](#).
    - a) Sessions accumulated as a Trainee are not counted toward the minimum participation requirements.

- C. Officials may view and/or print a current certification card at any time by clicking the "My Certification Card" link within OTS.
- D. Meet Referees are specified by name in the meet information, as are their addresses, telephone numbers, and e-mail addresses.
1. The currency of their USA-S registration and LSC certification are part and parcel of the sanctioning/approval process.
  2. Should the specified Meet Referee fail to appear at a meet without ensuring the presence of a properly certified replacement, and advising the meet host of this change, the Meet Referee's credentials will be immediately revoked.

- a) The offending individual will immediately be reclassified as a Deck Referee and will no longer be allowed to function as a Meet Referee for a minimum of 365 days, dated from the day of Meet Referee de-certification.
- b) Exceptions may be made for acute illness and/or injury on the part of the Meet Referee, or an immediate family member, as determined by the Officials Committee.
- c) Re-instatement as a Meet Referee will require petitioning the Officials Committee in writing.
  - (i) Re-instatement will not then be automatic but rather at the discretion of the Officials Committee, requiring a majority vote.
- d) A second violation will result in permanent de-certification as an Official in STSI with no possibility of reinstatement.

### **XVIII. Fees, Terms, and Other Costs**

- A. All membership fees and certain other expenses may be tax deductible, provided complete and accurate records are maintained.
- B. The annual USA-S membership fee is subject to upward revision every year. It is specified within the Non-athlete Annual Registration Form (available on the STSI Web site at [http://www.stswim.org/TabGeneric.jsp?\\_tabid\\_ =99565&team=szstxls#c#Documents](http://www.stswim.org/TabGeneric.jsp?_tabid_ =99565&team=szstxls#c#Documents)).
  - 1. Memberships expire each year on December 31.
  - 2. Renewals may be submitted any time between September 1 and December 31.
    - a) Early submissions are strongly recommended to avoid the possibility of insurance lapses.
  - 3. Lifetime Memberships are available for a one-time payment. Please go to the USA Swimming Web site for additional information.
- C. USA-S Registration Fee Reimbursement

1. Beginning on September 1, and extending until the last day of February of the following year, STSI will reimburse STSI Certified Officials the full amount of their annual USA Swimming registration, if requested to do so, provided the Official meets the following requirements:
  - a) Must be a current member, in good standing, of USA-S. This status must be verifiable via OTS.

- g) Submit any request for reimbursement in such a manner as to ensure receipt by the LSC Treasurer by the last day of February.
  - h) Allow up to 45 days for processing of requests.
  - i) Cash any reimbursement check within 90 days of its execution date.
2. As an alternative to this reimbursement, Officials are allowed to submit their registration forms without a check, and STSI will directly make the payment for their USA-S membership fee. However, to do this, the following criteria must be met when the Official submits the USA-S Membership form:
- a) Be currently registered with STSI and certified in one of the following categories. This status must be verifiable via OTS.
    - (i) Meet Referee
    - (ii) Deck Referee
    - (iii) Referee/Non-starter

D. STSI Officials biennial (every 2 years) membership/certification

1. STSI Officials memberships/certifications expire on December 31 of each even-numbered year.
  2. Renewals may be submitted anytime between September 1 and December 31 of each even-numbered year.
  3. If the membership (and its associated certification) is not renewed by January 31 of the year following expiration, both the certification and the membership will be lost and the individual might need to begin the entire process again, at the discretion of the LSC Officials Committee, to include any, or all, of the following:
    - a) Re-entry into the certification program
    - b) Possible re-progression through the categories
    - c) Possible re-examination
  4. Requests for a waiver of the policies concerning lapsed membership/certification must be submitted to the LSC Officials Chair in writing, in a timely manner, and will not be considered except in the most unusual of circumstances.
    - a) Requests for such waiver will require a 60% vote of the Officials Committee in order to be granted.
- E. USA-S Level II Background Check (BGC) Fee Reimbursement
1. All active and certified Officials, including Trainees, must undergo a Level II criminal background check, as directed by USA-S.
  2. The cost of a Level II BGC must be paid by the individual at the time the background check is initiated.
    - a) When an individual successfully "passes" a Level II BGC, 100% of all costs will be reimbursed by STSI, if desired.
      - (i) Trainees may not submit a request for reimbursement of Level II BGC costs until they have successfully been certified as a Stroke and Turn Judge or Administrative Official.
      - (ii) Individuals are not eligible for reimbursement of any costs incurred until they "pass" a Level II BGC.

- b) To request reimbursement, the official must forward the email indicating the Level II BGC was passed to the STSI Treasurer. The email should include a request for reimbursement of the Level II BGC fee along with a mailing address.
- c) Reimbursements must be submitted within 60 days of successfully completing the Level II BGC, except for Trainees, who must submit their reimbursement request within 60 days of becoming a Stroke and Turn Judge or Administrative Official.

## **XIX. Dress Code and Appearance**

- A. The “normal” or “default” deck uniform in STSI is white polo shirts and khaki trousers, skirts, Bermuda-length shorts or capris. The meet uniform to be worn by Officials should be indicated in the meet information.
- B. This color scheme may be altered at the discretion of the Meet Referee.
  - 1. For championship-style/prelim-final meets, it is likely that a different uniform will be specified for prelims than for finals.
  - 2. The relevant meet information will normally include any such specifications.
- C. Jeans, “short” shorts or skirts, and flip-flops are not appropriate at any time or under any circumstances.
- D. All-white tennis or gym shoes should be worn for all meets.

## **XX. Accouterments**

- A. Once a new official has registered with both USA-S and STSI, has passed the Level II Background Check, and has completed the Athlete Protection Training, they will be issued one white polo shirt and nametag.
- B. All STSI Officials are required to prominently display their Officials Certification Card from OTS when performing duties as an Official.
  - 1. At some high-level competitions this requirement may be waived.

2. The Meet Referee is responsible for ensuring that all Officials are current members of USA-S and STSI (or, for visiting Officials, their own LSC), that all have a current Level II BGC acknowledged by USA-S, and that all have successfully completed the USA-S APT.
  - a) The online Officials Roster is normally kept up-to-date in this regard.
  - b) However, Officials are required to have their USA-S ID cards in their possession at all times when on deck.
- C. As mentioned, nametags are provided at no cost to new STSI certified Officials.
  1. The acquisition of an individual nametag may take up to 30 days.
  2. Replacement nametags may be obtained at a cost of \$10 each.
  3. The wearing of nametags while on deck at all competitions is strongly encouraged.

## **XXI. Meets with an Inadequate Number of Officials**

- A. In any Sanctioned or Approved USA-S competition, when there is an inadequate number of Officials present for the start of one or more sessions of a meet, as specified by rule, the Meet Referee may elect to either conduct or cancel the meet or session.
- B. Partial sessions may not be considered, i. e., if an inadequate number of Officials, by rule, are available for the start of a session, that is the circumstance considered to exist for the entire session, regardless of how many Officials may eventually become available at a later time during the session.
- C. Should the Meet Referee elect to conduct the session with an inadequate number of Officials as specified by rule at the start of the session, the following will apply:
  1. Insurance coverage remains in force
  2. The session can be scored
  3. Awards can be made
  4. Times cannot be entered into the SWIMS National Database

- a) Therefore, times cannot be used for qualifying entries for other STSI, TSA (TAGS), or USA-S (Sectionals, Junior National Championship, National Championship) competition.
  5. When a meet is divided into sessions, only times from sessions during which the requisite number of Officials were present can be entered into SWIMS.
  6. It is the responsibility of the Administrative Official to ensure that only eligible times from sessions as previously described are forwarded for uploading to SWIMS.
  7. Prior to the start of the impacted session(s), the Meet Referee must inform coaches from all teams attending a meet when the results from one or more sessions will not be entered into SWIMS due to an inadequate number of Officials.
- D. It is the Meet Referee's responsibility to ensure that only properly credentialed Officials are allowed to work as Officials at Sanctioned or Approved USA-S competitions in STSI.
1. While OTS is the authoritative method for maintaining and tracking key information for STSI Officials, the Meet Referee may consider the online roster to be accurate, in that individuals listed are currently registered with USA-S, properly certified in the indicated capacity as an Official by STSI, and have a current Level II BGC and APT.
  2. Individuals in STSI who are not listed on the STSI Officials Roster, or Officials from other LSCs, are welcome to officiate at STSI meets when they have the appropriate credentials or the appropriate information can be verified through OTS.

## **XXII. STSI Officials Web Page**

- A. An STSI Officials Web page (<http://www.stswim.org/TabGeneric.jsp?tabid=99565&team=szstxlc>) is accessible from the STSI Web site (<http://www.stswim.org/Home.jsp?team=szstxlsc>).
1. The home page includes a general information and news section that is updated as necessary.
  2. There are also a number of forms, etc. of general interest to, and for use by, Officials.

3. It is prudent for STSI Officials to periodically check this Web site to keep abreast of activities regarding officiating in STSI.
- B. A roster of all active and credentialed Officials, including Trainees, is also accessible from the Officials home page.
1. The roster is updated in near real time, as necessary, to maintain currency.
  2. For the roster to be of the greatest possible value, errors of omission and commission, and requests for additions or deletions, should be promptly forwarded to the LSC Officials Chair.

### **XXIII. Officiating Etiquette and Philosophy**

- A. The primary objective of officiating is to promote fairness by consistently applying the rules and regulations across all swimmers, regardless of age, gender, team, or swim ability.
- B. It is key that Officials at a meet work as a team to provide the athletes with the best possible competitive opportunities.
- C. Officials should show respect for the sport and the athletes by always looking and acting professionally.
- D. USA Swimming Rules and Regulations are to be enforced as written.
1. Remember that swim Officials do not judge style. Rather, they only determine if a swimmer conforms to the rules.
  2. STSI has certain administrative policies that are in addition to the USA Swimming Rules and Regulations.
  3. In addition, official interpretations will be given where doubt exists by contacting either the STSI Officials Chair or your local member of the Officials Committee.
- E. In all cases, the Meet Referee is the final authority on deck. If a call you make is overruled, do not worry about it. It happens to all of us. Accept it, and just move forward.
- F. In addition, there is nothing wrong with withdrawing a disqualification. If you are unsure of your call or have second thoughts, simply say so, and withdraw your call.

- G. Officials must never “warn” swimmers. Either a violation occurred or it did not. A warning constitutes coaching, and Officials are present to officiate—not to coach.
  - 1. It is axiomatic in swim officiating that the benefit of the doubt always goes to the swimmer.
- H. Special attention must be given to Trainees in any kind of supervised status. Sound, knowledgeable training will help ensure the development and maintenance of competent and reliable Officials.
- I. It is the duty and responsibility of the Meet Referee to ensure that fully qualified, competent Officials are assigned to all positions.
- J. Officials must exercise great care to ensure that not even a perception of bias is exhibited
- K. Officials must never engage in cell phone conversations while working as an Official on deck.
  - 1. It is preferable that cell phones not be visibly carried while working as an Official on deck.
  - 2. In an effort to always protect our athletes, the presence or use of cell phones, smart phones, or any other devices capable of producing audio, photographic, or video recordings is strictly and specifically prohibited from locker rooms, restrooms, or changing areas at all times.
- L. Officials should avoid having any but the briefest discussion with coaches concerning violations, disqualifications, judgment calls, or rule interpretations.
  - 1. Coaches who persist should be referred to the Meet Referee or Administrative Official, as appropriate, and must never be permitted to become hostile, arrogant, or abusive.
    - a) Such incidents should be promptly referred to the Meet Referee and, if appropriate, to the LSC Officials Chair.
  - 2. Parents or other spectators must not be allowed to interfere with or question calls and/or decisions made by Officials.
    - a) Such incidents should be promptly referred to the Meet Referee and, if appropriate, to the LSC Officials Chair

- M. Officials should arrive at least 45 minutes before the start of the meet, appropriately dressed and ready to officiate, or make other arrangements with the Meet Referee prior to the meet.
  - 1. Officials should always check the meet information to see if the Meet Referee requests that they arrive prior to this.
  - 2. Officials should report to the Meet Referee for the Officials briefing and to receive assignments.
- N. Officials should not leave the deck without notifying the appropriate individual (Chief Judge, Deck Referee, or Meet Referee, as appropriate).
- O. Meet Referees should make a conscious effort to rotate deck assignments during a meet in order to preclude boredom from repetitive routine, to provide adequate breaks, and to provide Officials with the opportunity to grow and expand their expertise and capabilities.
  - 1. However, Officials should refrain from complaining about assignments, because specific position assignments are at the Meet Referee's discretion.
- P. To remain competent as an Official, it is necessary to remain current on all rules, regulations, and interpretations.
- Q. There are rarely enough Officials at any given meet, and help is always needed and appreciated. STSI Officials, regardless of their level of certification, are welcome and invited to work at any and all meets in the LSC
  - 1. However, they should not expect to be specifically "invited" to work at meets.
  - 2. Officials should contact the Meet Referee as early as possible if they plan on working at a meet, so that the Meet Referee can plan accordingly.
    - a) Officials should also indicate any schedule limitations they have (e.g., sessions they can/cannot work, if they need to leave a particular session early, etc.).

3. However, for some meets (e.g., Nationals, Juniors, Grand Prix, Sectionals, and TAGS), it is likely that an Officials application process will be utilized. The need to complete an application, and the location of this application, will be indicated in the meet information.
4. It is incumbent on each individual Official to keep informed about which meets are being held at which venues and when.
5. All meets in the LSC (and a few outside) have their meet information posted on one or more Web sites, including the STSI Web site ([www.stswim.org](http://www.stswim.org)).
6. At any time that additional information and/or clarification is needed, the Meet Referee (and associated contact information) is listed in the meet information. One should never hesitate to make contact.

#### **XXIV. National Certifications**

- A. According to USA-S, the overall mission of the National Certification Program is *"to develop Officials who are competent, current and consistent from the LSC level meet to the highest level in our sport through a progressive training program based on an accumulation of experience acquired by specific meet attendance, mentoring and constructive evaluation."*
- B. Even for those who have no interest in working at a national-level meet, the National Certification Program can be very valuable as a learning tool.
- C. The National Officials Certification Program is administered by the USA-S Officials Committee.
- D. Certification at any level requires a combination of several things, including evaluations, local participation at meets, continuing education, and the training and mentoring of other Officials.
- E. There are three levels of Certification for each of the following five positions: Stroke and Turn Judge, Chief Judge, Starter, Deck Referee, and Administrative Referee:
  1. N1: Local, LSC certification in the specific position—recognizes that an Official is capable of working any local, LSC meet.

2. N2: The first National level for a position—recognizes that an Official is experienced and has been evaluated as capable of working the position at Sectional, Zone, Grand Prix, and similar higher profile meets.
  3. N3: The second National level for a position—recognizes that an Official has the experience, skills, and knowledge to be considered for selection to work National Championship level meets in the position.
- F. Evaluations can only be done at Officials Qualifying Meets (OQMs). Attempts will be made to hold two or more OQM meets in South Texas every year
- G. For more information about the National Certification Program, contact the STSI Officials Chair or your local Officials Committee Member, or check the online site at <http://www.usaswimming.org/DesktopDefault.aspx?TabId=1515&Alias=Rainbow&Lang=en>.

## **XXV. National Time Verification (NTV) Program**

- A. The NTV Program is managed entirely by USA-S, with the support of NTV Chairs in each LSC.
- B. USA-S/STSI Certified Referees who are Meet Referees for high school and/or collegiate meets that have been approved for Observation by USA-S, should familiarize themselves with the operational aspects of the program by contacting the LSC NTV Chair or visiting <http://www.usaswimming.org/DesktopDefault.aspx?TabId=544&Alias=Rainbow&Lang=en>.
