- The Federation Whistle Start and No Recall False Start Procedures will be in use at this meet
- Fly-over starts will be utilized in the preliminary sessions - please see the section below
- The preliminaries MAY be conducted simultaneously in the two (2) ten-lane Walker Pools:
- Once all of the entries have been received and, dependent on the numbers, Meet Management will determine how this meet will be conducted, i.e:
 - Single pool, gender separated – OR:
 - Two pools simultaneously, gender separated – OR:
 - Two pools simultaneously, odd-even heat separated
 - Each team will be notified via e-mail as to which scheme will be utilized and that information will also be posted with the Psych Sheet as well

**Diving
Format:**

- One-meter women’s and men’s competition
- Five (5) voluntary dives with DD maximum of 9.0
- Six (6) optional dives
- If there are more than 16 divers entered in each category, cuts will be applied

**Fly-over
Starts:**

- In the preliminary sessions ONLY, fly-over starts will be utilized for most individual events
 - Exceptions:** 500 Free / Backstrokes / Relays
- The purpose of fly-over starts is to conserve time and to establish and maintain meet momentum
- Under ideal conditions and with appropriate cooperation from the athletes, intervals between races can be held to a nominal 25 seconds
- The conditions required:
 - As swimmers finish their race, they MUST stay in the water and close to the wall as the next heat is started over their heads
 - A failure to conform to this requirement may create potentially dangerous situations
 - As soon as the outgoing race is in the water – but not before - the just finished swimmers must promptly exit the pool
- The procedure:
 - When the finishing race is approximately five meters from the wall, the Deck Referee will sound the short whistles, which alerts the next heat to be immediately ready to mount the blocks
 - When the last swimmer in the incoming heat is about to touch the wall, the Deck Referee will sound the long whistle and all swimmers MUST IMMEDIATELY mount the blocks and prepare for a start
 - As soon as the Deck Referee is satisfied the pool is clear and all is in readiness, her / his arm will be extended and the Starter will give the “Take your mark” Command
 - The same process is then repeated for each additional heat
 - Intervals between events are similarly managed, i.e., there will be no delays, exceptions noted above
- Because this procedure is time sensitive with few or no delays, upcoming swimmers must anticipate their next race, have caps and goggles in place, be properly situated behind their blocks and be immediately ready to mount the blocks on hearing the long whistle
- If careful attention is not given to the situation at hand, swimmers can very easily be late for their race and be disqualified for delay – or - miss their race entirely

**Facility Rules,

- Deck changing is prohibited
- Two-piece swim wear is prohibited
- The presence or use of cell phones, smart phones or any other devices capable of producing audio recordings, photographic or video images in locker rooms, restrooms or changing areas is strictly and specifically prohibited at all times.
